# Our Cluster's Values

A word cloud visualization representing the values of a cluster. The words are arranged in a non-linear, overlapping pattern. The size of each word indicates its relative importance or frequency within the cluster's values. The colors of the words vary, creating a diverse visual palette.

The most prominent words in the center include:

- wellbeing** (brown)
- growth** (brown)
- relationships** (red)
- purpose** (green)
- success** (yellow)
